**FARNSFIELD ST MICHAEL'S C OF E PRIMARY SCHOOL**

## **Relationships, Sex and Health Education (RSHE) Policy**

## **Our School's Approach to RSHE**

Our school's approach to Relationship, Sex and Health Education (RSHE) is underpinned by our Rainbow Values and follows that of the Church of England Education Office in that it seeks to be faith-sensitive and inclusive. It is underpinned by two key Biblical passages:

*"So God created humankind in his image, in the image of God he created them"*  
(Genesis 2:7)

*"I have come in order that you might have life - life in all its fullness"*  
(John 10:10)

At Farnsfield St Michael's CofE Primary School, everyone will be treated with dignity as all people who are made in the image of God and are loved equally by God.

All pupils have a right to an education which enables them to flourish and is set in a learning community where differences of lifestyle and opinion (within that which is permissible under UK law) are treated with dignity and respect; where bullying of all kinds is eliminated; and where they are free to be themselves and fulfil their potential without fear.

Our school seeks to ensure that the RSHE curriculum protects, informs and nurtures all pupils. It clearly differentiates between factual teaching (biology, medicine, the law, marriage, different types of families and the composition of society) and moral teaching about relationships and values, recognising that the distinction can be easily blurred and that there needs to be discernment about the manner in which this is taught. We teach RSHE within a moral (but not moralistic) framework.

RSHE in Farnsfield St Michael's CofE Primary School is about what constitutes wellbeing and loving care for ourselves (physical and mental health education), how we show loving care for others (relationships education) and, when at an appropriate age and stage in life, how we show loving care to those we choose to be intimate with, including within marriage (sex education).

It is also about the spiritual and moral aspects of healthy, loving and nurturing relationships within a context of a Christian vision for the purpose of life.

Pupils will consider how to ensure that they treat themselves and others, at all times and in all contexts, with dignity and respect.

### **Defining Relationships Education**

Relationships Education is learning about how to:

- be appreciative of existing relationships;
- form new healthy friendships; and
- enjoy strong positive, caring, relationships with good boundaries, online and in person.

This will particularly refer to all family relationships (including marriage), friendships and relationships with peers and adults.

### **Defining Health education**

Health education is learning about physical health and mental wellbeing so that pupils can make wise choices to ensure their own flourishing and the flourishing of others.

### **Defining Sex education**

Sex education is about reproduction: learning how babies can be made and the emotions that people experience when they are ready for close intimacy.

The national curriculum for science includes content about human body parts, growth, puberty and gestation. Parents do not have the right to withdraw from this aspect of the curriculum.

In this school we have decided that it is also important to include discussion around positive body image and self-awareness and understanding positive relationships, to educate the children in our community for adulthood (and for secondary school) in their last year of primary school.

### **The right to withdrawal from sex education**

Parents do have the right to excuse their children from this aspect of RSHE and can do so by making concerns known and applying in writing to the Headteacher. The school will invite any enquiring parents or legal guardians to talk through concerns. An explanation of the rationale for RSHE will be given; an opportunity will be offered to review the intended materials and to consider the impact of not receiving sex education with peers.

Withdrawing a child from sex education remains a statutory right as a parent or legal guardian. If a pupil is excused from sex education it is the school's responsibility to ensure that the pupil receives appropriate, purposeful education during the period of withdrawal. There is no right to withdraw from relationships education or health education.

The school will document this process to ensure a record is kept.

### **The RSHE Curriculum**

At Farnsfield St Michael's CofE Primary we teach RSHE alongside our PSHE 'Heart Smart' Curriculum. In addition to the HeartSmart curriculum, we will be following learning outcomes and lesson planning activities from the 'Goodness and Mercy' RSHE resources for Church of England Schools. <https://goodnessandmercy.co.uk/>

At key stage 1 relationships and health education modules are taught and at key stage 2 relationships, health and sex education modules are taught. These are as listed below:

At Key Stage 1 the Relationships education topics include:

- Families
- What is a friend?
- What is Bullying?
- My Body: worth keeping safe

At Key Stage 1 the Health education topics include:

- Our Wonderful Bodies
- How we love and care for ourselves (exercise, being in nature, healthy food, good sleep)
- How we love and care for ourselves (B: personal care, hygiene (including teeth cleaning), sun safety, prayer and meditation, hobbies and helping others)
- Keeping Safe with screens
- Talking about Feelings

At Key Stage 2 the Relationships education topics include:

- Families
- Friendships
- Relationships and Marriage
- Anti-bullying
- Making good boundaries

At Key Stage 2 the Health education topics include:

- Managing your feelings: talking about mental health
- Looking after your body: exercise and eating healthy
- Looking after yourself: Sleep, rest, spiritual practices, personal hygiene and helping others
- Looking after your body: Knowing facts and avoiding risks - alcohol, smoking and drugs (Year 5&6 – DARE Teaching sessions)

At Key Stage 2 there will also be a puberty module covered in Year 5. This includes:

- My body is changing
- Feelings and Puberty
- Personal Hygiene
- Menstruation

At Key Stage 2 the Sex education topics are taught at Year 6 and include:

- What is Love?
- Being attracted to someone
- How do people have sex?
- How human life begins: pregnancy and birth
- Being a parent/carer

Please See Appendix 1 for the Pupil Outcome at Key Stage 1 and Key stage 2 for relationships, health and sex education. These are the requirements for RSHE from the Department for Education [click [here](#)]

### **How will RSHE be taught in our school?**

RSHE will be delivered professionally and as an identifiable part of PSHE. It will be led, resourced and reported to parents in the same way as any other subject. There will be a planned programme delivered in a carefully sequenced way.

RSHE will be delivered in a way that affords dignity and shows respect to all who make up our diverse community. It will not discriminate against any of the protected characteristics in the Equality Act and will be sensitive to the faith and beliefs of those in the wider school community. RSHE will seek to explain fairly the tenets and varying interpretations of religious communities on matters of sex and relationships and teach these viewpoints with respect. It will value the importance of faithfulness as the underpinning and backdrop for relationships. It will encourage pupils to develop the skills needed to disagree without being disagreeable, to appreciate the lived experience of other people and to live well together.

RSHE will seek to build resilience in our pupils to help them form healthy relationships, to keep themselves safe and resist the harmful influence of the excesses of media in all its forms.

RSHE will promote healthy resilient relationships set in the context of character and virtue development that sits within the schools Christian Vision and Values.

Our school Rainbow Values along with wider Christian values such as integrity, self-control, courage, humility, kindness, generosity and a sense of justice will be at the forefront of this teaching and learning.

All staff teaching this sensitive and important subject will have received training. This training will be regularly reviewed and revisited. The RSHE subject leader, Louise Carpenter, will continue to monitor and review this curriculum subject.

Pupils with SEND will have had the content made accessible to them by appropriate differentiation and support dependent upon their needs, as they would with any curriculum subject.

At Farnsfield St Michael's CofE Primary RSHE is taught by confident trained staff and only some elements will be taught by outside agencies (such as First Aid, DARE). It is important that pupils have confidence in the teacher and that a 'safe space' is created where pupils feel confident and can ask age-appropriate questions.

### **How will RSHE be monitored and evaluated?**

This will follow the same monitoring and evaluation processes used throughout the school for other subjects i.e. pupil conferencing, work reviews, learning walks etc.

## **Difficult Questions & Sensitive Issues**

At St Michael's we provide opportunities for pupils to 'talk honestly and openly.' At the same time, we must respect the pace of pupils' maturation. We feel that some topics are best postponed until the secondary school years. If pupils raise questions regarding issues that we do not feel it is the place of the teacher to respond to, parents will be consulted and invited to make an appropriate response to the pupil.

## **The role of the parents and community**

We actively seek the support of the parents in the delivery of RSHE and will offer open evenings regarding the curriculum taught to Year 5 and 6 children prior to delivery. We encourage other valued members of the community to work with us to provide advice and support to the pupils with regard to health education. In particular, members of the Local Health Authority, such as the school nurse and other health professionals, give us valuable support with our RSHE programme. Other people that we call on include local clergy, social workers and church youth workers.

## **The role of the Headteacher**

It is the responsibility of the Headteacher to ensure that both staff and parents are informed about our RSHE policy, and that the policy is implemented effectively. It is also the responsibility of the Headteacher to ensure that members of staff are given sufficient training, so that they can teach effectively and handle any difficult issues with sensitivity; including safeguarding.

The Headteacher liaises with external agencies regarding the school sex education programme, and ensures that all adults who work with pupils on these issues are aware of the school policy, and that they work within this framework.

The Headteacher monitors this policy on a regular basis and reports to governors, when requested, on the effectiveness of the policy.

## **Policy Review**

This policy has been produced in consultation with the governing body, staff and parents.

This policy will be reviewed:	Every 2 years
It is due to be reviewed again on:	April 2023
It was approved by LGB on:	April 2021
Signed by Chair of Governors:	<i>J Fieldwick</i>

This policy should be read in conjunction with The Equalities Act 2010
