

FARNSFIELD ST MICHAEL'S C OF E PRIMARY SCHOOL

Music Curriculum

Curriculum Intent

At Farnsfield St Michael's, Music is taught through a topic-based approach and features most highly in our Create term (our Arts based term).

From the Early Years, children are taught the importance of connection with others, which is hugely important to our curriculum's root in love and links to the Christian faith – Music can create this connection.

As children move through school, they are given and create experiences which leave lasting memories – from composing to performing, these experiences open opportunities and support our children to become well-rounded individuals. In addition to the opportunities Music can create, Music can help develop skills and knowledge which will support learning across the national curriculum subject; leading to children being able to 'love to learn, learn to love.' We aim to ignite a passion for learning in all subjects, but for children with a passion for Music, there are further opportunities to take up an instrument and even aspire to future career paths.

We enhance our classroom-based learning through visits, workshops and residential experiences.

Curriculum Implementation
